2014 Local Food Enterprise Summit
a financial permaculture design intensive
May 31-June 2, 2014 | Miami, Florida

Design regenerative business models that work for community resiliency!

www.FinancialPermaculture.com

Earth Learning and the Financial Permaculture Institute will host community investment and financial experts, Permaculture designers and sustainability entrepreneurs for this **dynamic gathering** and **integrative learning** experience to begin **building resiliency in our communities**.

www.FinancialPermaculture.com

We will address **economic and ecological challenges** of the 21st century as we design **forward-looking businesses** that optimize the local natural systems and human capacities to implement models of **regenerative business and local resiliency!**
